PERFORMANCE

- Leadership skills and the ability to gain a greater level of influence
- Effective and precise communication
- Decision-making skills and the ability to take action
- Ability to tackle any challenge
- Public speaking skills
- Developing confidence
- Listening skills
- Accountability

TEAM DEVELOPMENT

- Develop greater loyalty and dedication amongst co-workers
- Build and develop stronger, more effective teams
- Speak with power and conviction
- Focus more precisely on the direction of the organization
- Take charge
- Development of motivational skills
- Ability to develop a greater level of enthusiasm within the organization

THE RESULTS: A direct increase in effective leadership abilities, productivity and profitability for the company and the individual

In the past 20 years, more than 10,000 businesses – public, private and governmental – have benefited from this class. In it, each participant builds on his/her strengths and eliminates barriers to personal effectiveness in both their business and personal life. This class allows participants to truly experience leadership and apply it immediately. Every student practices and performs the leadership competencies of teamwork, enthusiasm, focus, accountability and taking action.
